- (1) If a monthly/annual license fee is applicable, until terminated by Customer upon one month's prior written notice. Fees are outlined on Schedule B attached hereto.
- (2) If no monthly/annual license fee is applicable, until Customer ceases using the program product on the designated computer system.

IV. OWNERSHIP/CONFIDENTIALITY

Company further represents and warrants that it has no knowledge of any claim of infringement of any patent, copyright or trademark, or of misappropriation of any trade secret, or of any other violation of any proprietary or intellectual property right of any third party arising in connection with the licensed application Program Products, or any acts of Company with respect thereto or contemplated by this Agreement. Company otherwise expressly disclaims any warranty against infringement or misappropriation with respect to any third party Program Products and transfers to Customer only such rights as Company may have, if any, under its agreements with said third parties.

Customer acknowledges that the application Program Products, including all underlying intellectual property rights, are and shall remain the exclusive property of Company and that Company holds the copyright interests therein, the Program Products being treated as unpublished works. For purposes of this provision, the term "Program Products" shall include, without limitation, all databases and database layouts. The Program Products shall be used only for the processing of Customer's own transactions and maintaining its own records. Customer shall not: (a) permit any third party to use the Program Products or the related documentation, or permit access thereto except by its employees who need such access to carry out their duties in the ordinary and normal course of Customer's business; (b) use the Program Products or the related documentation in the operation of a service bureau or to process data or transactions for other persons or entities; or (c) allow access to the Program Products through terminals (other than those of Company) located outside Customer's business premises without the express written consent of Company.

Customer shall have the right to copy the Program Products for backup and archival purposes only. Customer shall not remove any copyright, trademark, proprietary legends, or legal or warning notices included on or embedded in any Program Products. All copies made by Customer shall be the property of Company.

Customer recognizes and acknowledges that in the event of any breach of this Article IV (either actual or threatened) by Customer, Company's remedies at law shall be inadequate. Customer agrees that, in such event, Company shall have the right of specific performance or injunctive relief, or both, in addition to any and all remedies and rights of law or in equity and such rights and remedies shall be cumulative.

V. DATABASES

Any data supplied by Customer shall remain the property of Customer. Upon termination of this Agreement and upon request by Customer, Company shall return the data to Customer in a format reasonably requested by Customer (other than Company's proprietary format) upon payment of Company's then-current fee for this service. Customer shall in no event continue to use the database or database files or provide the database or database files to any third person after the termination date.

VI. WARRANTY

Each licensed program product is warranted, for a period of one year, to conform to the design specification for that release as designated on the program product specification or similar applicable release. Customer agrees that its sole and exclusive remedy and Company's sole obligation, if a licensed program warranted hereunder fails to conform to the applicable design specifications and Customer has advised Company of such failure in writing during the term of the warranty, is for Company to provide programming services to attempt to correct any defect. For purposes of this Agreement, non-conformance to design specification and the term "defect" shall mean only significant deviations from the design specifications for such current release of the licensed program.

Company warrants that the application software will operate accurately, and will not abruptly end or provide invalid or incorrect results, during operation prior to, on or after January 1, 2000.

THE ABOVE IS THE ONLY WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, THAT IS MADE BY THE COMPANY WITH RESPECT TO PROGRAM PRODUCTS. THE COMPANY MAKES NO OTHER SUCH WARRANTY, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY DISCLAIMED. NO ORAL OR WRITTEN REPRESENTATIONS, INFORMATION OR ADVICE GIVEN BY THE COMPANY, ITS AGENTS OR ITS EMPLOYEES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THE ABOVE WARRANTY, AND CUSTOMER MAY NOT RELY ON ANY SUCH INFORMATION OR ADVICE FOR THAT PURPOSE.

VII. INTELLECTUAL PROPERTY INDEMNITY

Company agrees to indemnify, save harmless and defend Customer, at the expense of Company, from and against any and all suits, judgments, costs, damages, claims, demands, actions, causes of action, proceedings, expenses or liabilities of any nature, which are threatened or brought against, or are incurred by, Customer arising from a claim that any element of the licensed application Program Products constitutes an infringement of any United States patent or copyright, or is a trade secret of another; provided, however, that Company is notified thereof promptly in writing. Company shall have the sole control of the defense of any such suit, proceeding or action.

APPLICATION PROGRAM PRODUCTS LICENSE (cont d)

VII. INTELLECTUAL PROPERTY INDEMNITY (cont'd)

Company, in its sole discretion, shall have the right to settle any such suit, proceeding or action.

If the use of any element of the licensed application Program Products is enjoined or prohibited or threatened to be enjoined or prohibited as a result of any such claim, suit, action or proceeding, any settlement, Company shall have the right to (a) procure for Customer the right to continue to use said element; (b) replace said element with a comparable element which is non-infringing or is not such a trade secret; (c) modify said element so it becomes non-infringing or no longer is such a trade secret; or (d) terminate the license for said element and credit Customer the amounts Customer has paid to Company for said license.

VIII. RETURN UPON TERMINATION

Within thirty (30) days after the termination or cancellation for any reason of a license granted hereunder, Customer shall deliver to Company the licensed program products and related materials related to such licensed program products and all copies thereof in whichever form, including partial copies which may have been modified by Customer or Company, or an executed Company program products license certificate of discontinuance so certifying. Upon prior written authorization from Company, Customer may be permitted for a specific period thereafter to retain one copy of certain materials for record purposes.
